Profile

Multi-Dimensional Designer

Proficient in website design, coding and standards, graphic design and print media, multimedia, video editing, advertising, and more.

Successful Team Player

A dedicated, hard-working designer with a company-first attitude and excellent organizational and communication skills. Willing and able to complete tasks quickly and efficiently with minimal guidance. Recognized multiple times for excellent teamwork on major design projects for AccuWeather, Inc. and The Pennsylvania State University.

Eager to Broaden Knowledge

Able to grasp complex concepts quickly. Enthusiastic student of design who enjoys being on the bleeding edge. Took it upon myself to further my education via Sessions Online School of Design.
